

SanTaa Kroupee's Magic Filé Mélange *Instructions*

SanTaa Kroupee's Magic Filé Mélange is a mixture (a *mélange*) prepared especially to let *SanTaa Kroupee* find you on New Year's Eve! Choose your favorite color!

So here's what you do.

On New Year's Eve, go outside, (weather permitting and with an adult's permission and supervision) and sprinkle the magic *filé* out on your lawn to let *SanTaa Kroupee* know that you believe in him and that you'd like him to leave wonderful little treats in your stocking on New Year's Eve. Sprinkle it in one spot or wherever you'd like. Use your imagination. If the weather is terrible outside, it's o.k. to sprinkle the magic *filé* in a bowl or saucer and place it on a flat surface near a window. *SanTaa Kroupee* will see the magic *filé* glow as he goes by in his *pirougue*. Don't forget to read the *SanTaa Kroupee's Magic filé* poem! Now remember to go to bed early on New Year's Eve so *SanTaa Kroupee* can come by and leave you with a special treat for you to find when you wake up New Year's morning.

SanTaa Kroupee's Magic Filé Mélange

On New Year's Eve
for those that believe,
Sprinkle on the lawn at night
New Year's morn will bring delight
Just a smidge of magic *filé*
and *SanTaa Kroupee's* on his way
Oranges, apples, bananas too
all that's missing is some *roux*
Magic, magic everywhere
just believe you're almost there
in your stocking you will find
candies and fruits that are divine!
